

Express Cargo™

EXPERT FREIGHT SOLUTIONS

Express Cargo proudly has operated and continues to operate as a New Zealand owned business for the last 21 years.

Express Cargo has made a commitment to providing the best customer service possible and is proud to say it can deliver anywhere, anytime. Since opening our doors in November 2000 in essence to bridge the 2 major gateways in New Zealand we have introduced Express Interisland services with air suspended temperature controlled units, mezzanine floors and roller bed options. We achieved this, along with other services by working with companies to offer a diverse range of services to and from any destination with a chosen group of over 56 service partners.

Express Cargo has grown to become one of the country's leading independent freight brokers. Our ability to buy bulk space allows us to offer extremely competitive rates whatever your cargo is and wherever it needs to go. Express Cargo has grown to encompass a combined wealth of 80 years' experience with in the freight broker, cargo and logistics management arena.

Between us we have worked with major international airlines, air sea freight forwarders, primary producers, manufacturers, wholesalers and end users to set up services enabling products to be moved swiftly throughout New Zealand.

Give us a call today to find out how Express cargo can make your business run more smoothly. Better productivity means increasing your all-important bottom line, better profits for your business and becoming better than your competition.

You name it, if we haven't already done it we will find a way of doing it!

Services:

Express Cargo offers clients high quality services. Whether your goods are large, small, express, or economy, we have a range of options available to ensure your products get to where they are needed on time and in excellent condition.

Express Service - Road or Air

These road overnight services are popular and suitable for all urgent general cargo, airline pallets transported on our roller beds, aircraft engines and chilled products. Main routes are Auckland to Christchurch and Christchurch to Auckland. Same day air services offering to all main centres and towns nationwide, this is a full point to point service. Air - Auckland to Christchurch overnight service. This is a new service customers have been asking for that couriers are unable to cater for due to weight and cubic restrictions. With this service we can cover most sizes, weights and shapes delivered to your customer before lunch the next day.

Economy Service

This is our most popular service offering Rail and Road options allowing great flexibility between all destinations within New Zealand.

Super Economy Service

Auckland to South Island Super Economy rail container services are suitable for non-urgent square palletised freight. If you have time on your side and you require a cheaper options, this is the service for you. Super economy is also available in the North Island as a road option.

Specialised Cargo

This includes full loads, roller bed services, point to point deliveries, direct drives, container cartage and oversized loads requiring pilot vehicles, to and from anywhere in New Zealand. Our recent special loads include: Jet Aircraft Engines, Airline ULD's on roller beds, transportation of prototype cars, Air Force Helicopters accompanied by security guards, Mechanical & Refrigeration plant, perishable goods both chilled or frozen and Cable Drums.

Metro Deliveries

Same day Metro deliveries can be arranged in all main centres.

Point to Point Services

From sprint cars, vans, small trucks, curtain siders, flat deck, HIAB units to full b-trains, we can arrange it. 1 Hour, 2 Hour and 6 Hour services available.
